

## VITA

**NAME:** Steven Edwin Meier, Ph.D.

**ADDRESS:** Associate Professor  
Department of Psychology  
University of Idaho  
Moscow, Idaho 83844-3043

**PHONE** University of Idaho (208) 885-7679  
(509) 330-0547 cell  
e-mail [smeier@uidaho.edu](mailto:smeier@uidaho.edu)  
website <http://www.uidaho.edu/~smeier/>

### EDUCATION:

**Ph.D. Psychology, Washington State University, Pullman, Washington**  
Dec. 1991. Dissertation: An Analysis of the Relation Between Blood Alcohol Concentration and the Effectiveness of Punishment Procedures.

**M.S. Psychology, Washington State University, Pullman, Washington**  
January, 1983. Thesis: Effects of Feedback on Legally Intoxicated Adults.

**B.S. Psychology, Washington State University,**  
June, 1980, Alcohol Counselor Training Emphasis.

### ADDITIONAL NATIONAL CERTIFICATIONS

**Sept. 2009 - Present**

International Certified Prevention Specialist # 702487  
International Certification and Reciprocity Consortium  
Idaho Certified Prevention Specialist # 10299  
Pennsylvania Certified Prevention Specialist # 7325  
Certification allows the holder to provide and/or train on a variety of prevention services or topics.

### ACADEMIC ADMINISTRATIVE EXPERIENCE:

**April, 2000 - Present**

Director, University of Idaho Addictions Training Program  
Responsibilities include: program development, implementation, and management; course scheduling; budget planning; hiring and supervising faculty; teaching courses and advising students; and working with the Bureau of Mental Health and Substance Abuse in the development of new programs.

**ACADEMIC ADMINISTRATIVE EXPERIENCE CONTINUED:**

**May, 1998-Aug. 1998**

**Acting Chair, Department of Psychology. University of Idaho.  
Responsibilities included: developing course schedules, budget planning and implementation, hiring faculty, coordinating graduate assistantships, advising students, and numerous other administrative tasks. This position was unfunded overload.**

**OTHER ADMINISTRATIVE EXPERIENCE:**

**April, 2005 – May 2007**

**Chair, Human Assurances Committee (HAC).  
Responsibilities included IRB review and coordination of all studies involving human subjects; training faculty, administrators, staff and students regarding human subject's protections; supervising the development of a new website, database and implementation of an electronic submission and oversight process.**

**ADDITIONAL CERTIFICATIONS:**

**Oct. 2009 – Present**

**Training for Intervention Procedures (TIPs) Trainer  
Health Communications, Inc.  
Provide training to bartenders, sales personnel and others about how to reduce risk of overserving bar or grocery patrons.**

**Jan. 2010 Local Trainer:**

**Global Appraisal of Individual Needs (GAIN), Chestnut Health Systems.  
Certification allows the trainer to train counselors on the GAIN assessment instrument.**

**Dec. 2009 Site Interviewer:**

**Global Appraisal of Individual Needs (GAIN), Chestnut Health Systems:  
Certification allows the interviewer to administer and evaluate substance abuse clients with the GAIN instrument.**

**ACADEMIC EXPERIENCE:**

- 1999–Present Associate Professor: Graduate Faculty. University of Idaho.**  
Responsibilities include: Teaching courses in Learning, Physiological and addictions related courses; increasing enrollments within the department and addictions program. Developing and implementing an outreach program that provides psychology and addictions education to individuals in rural communities and within the deaf and hearing impaired communities; administration, and scholarship. Current allocation for teaching and advising is 55%, research 15%, other 30%.
- 1994 – 1999 Assistant Professor, Graduate Faculty. University of Idaho**  
Responsibilities include: Teaching courses in Learning, Physiological, Applied Behavior Analysis, Sensation and Perception, Introductory, Research Methods, plus other courses as needed, advising students, and conducting research. Current allocation for teaching and advising is 5%, research 15%, other 30%.
- 1987 - 1993 Instructor/Visiting Assistant Professor. University of Idaho**  
Responsibilities included teaching courses in Introductory Psychology, Applied Behavior Analysis, Physiological, Learning, and other courses as needed, coordinating all department introductory courses, advising students, and conducting research. General time allocation for teaching and advising was 85%-90%, research 5%-10%, other 5%.
- Sum. 1992 Instructor. Johns Hopkins University, Center for Talented Youth**  
**Sum. 1993** Responsibilities included teaching a concentrated three week, college-level, Introductory Psychology course to advanced 12 - 16 year old students, advising students, and consulting with faculty regarding students experiencing psychological difficulties.
- 1983 - 1985 Psychology Instructor. North Idaho College, Coeur d' Alene, Idaho.**  
Responsibilities included teaching courses in Introductory, Developmental, and Abnormal Psychology, counseling students on academic and personal problems, and conducting research. Time allocation for teaching and advising was 100%.
- 1980 - 1982 Graduate Teaching Assistant**  
Department of Psychology, Washington State University  
Presented lectures in a variety of courses. Taught a laboratory section of Experimental Psychology, and was a teaching assistant for Introductory and Social Psychology.

**ADDITIONAL PROFESSIONAL EXPERIENCE:****2008 – Present International Certified Prevention Specialist**

Assist in the development of community coalitions, conduct program evaluation, teach classes related to substance abuse prevention, conduct workshops related to substance abuse prevention. Also chair IDHW Substance Abuse Epidemiological Outcomes workgroup, work with community groups and Elks to implement policy change related to substance abuse prevention.

**1994- 2005 Professional Trainer for Idaho Department of Health, STD/AIDS Program**  
Taught courses on HIV/STDs/Hepatitis and airborne pathogens to students in addictions training programs and university instructors. Also taught HIV Prevention Counseling (CDC model) to Public Health Personnel and others working with high-risk clients.

**1985 - Present Consultant (self-employed):**  
Responsibilities include working with state agencies, medical schools, businesses, and clients on large scale evaluation projects, survey development and implementation, focus group conduction, and training.

**1994 - Present Addictions Consultant**  
Responsibilities include providing education, conducting client assessments, conducting outcome studies, providing training to counselors and administrators, and providing counseling as needed.

**1993 - 1994 Alcohol Educator and Clinical Supervisor**  
Lakeside Foundation, Moscow, Idaho.  
Responsibilities included teaching courses related to addiction, relapse and family systems. Also provided therapist supervision as needed.

**1987 – 2000 Associate Director**  
Self-Control Research and Training Unit  
Washington State University, Pullman Washington.  
Responsibilities include designing and implementing studies on topics related to alcohol abuse problems, submitting funding requests to various agencies, and advising graduate students on research projects.

**1978 - 1983 Research Associate**  
Self-Control Research and Training Unit  
Washington State University, Pullman Washington.  
Responsibilities included helping design, implement, and evaluate experimental treatment programs related to alcohol and cigarette abuse.

**ADDITIONAL PROFESSIONAL EXPERIENCE CONT:**

- 1982 Intern and Consultant  
Whitman County Alcoholism Center, Pullman, Washington.  
Responsibilities included providing input on client cases, plus providing information on driving while intoxicated and alcohol physiology research. In addition, I designed and implemented a low cost program evaluation for the center.
- 1978 Intern  
Raleigh Hills Hospital, Spokane, Washington.  
Responsibilities included providing biofeedback assessments of clients, conducting relaxation groups, counseling clients on various problems, and providing input at staff meetings.
